EDUCATION

Bachelor of Science in Information Technology

Aug 2022 - May 2026

University of Education, Township, Lahore | CGPA: 3.12

EXPERIENCE

MERN STACK DEVELOPER | DEV WEEKENDS

Jun 2025 - Aug 2025

- Developed full-stack web applications using Next.js, React.js, TypeScript, Node.js and MongoDB.
- Built SEO optimized server rendered pages using Next.js SSR and App Router architecture to improve search visibility and performance.
- Designed RESTful APIs with Express.js, authentication workflows and database integrations.
- Developed responsive UI components with Tailwind CSS ensuring cross device compatibility and mobile first performance.
- Collaborated in agile development workflows using Git and GitHub for version control and project management.

FULL STACK DEVELOPER | RUWWAAD TECHNOLOGIES

Dec 2024 - May 2025

- Built and maintained responsive frontend interfaces using React.js and Tailwind CSS.
- Developed reusable UI components and scalable frontend architecture to accelerate development workflows.
- Integrated backend APIs and optimized client side rendering to reduce page load times and improve user experience.
- Contributed to responsive company website development using MERN stack technologies.

PROJECTS

LMS – PERSONAL LEARNING SaaS APP

Oct 2025

- Developed an AI-powered SaaS learning platform using Next.js App Router and TypeScript.
- Integrated Vapi AI voice assistant for real-time conversational learning experiences.
- Implemented Supabase authentication, PostgreSQL database integration, and protected user workflows.
- Optimized SEO and application performance using Server Side Rendering and modern React architecture.
- Deployed scalable frontend infrastructure using Vercel.

MULTIVENDOR SERVICE MARKETPLACE

Jul 2025

- Built a MERN stack multi-vendor marketplace with separate dashboards for admins, vendors, and customers.
- Implemented JWT authentication and role based access control (RBAC) for secure authorization workflows.
- Integrated Cloudinary for cloud based image uploads and optimized media management.
- Developed responsive frontend interfaces using React.js, Redux Toolkit, and Tailwind CSS.
- Designed REST APIs for product management, order workflows, and vendor operations.

REAL ESTATE PROJECT

Jun 2025

- Developed a responsive real estate platform with advanced property filtering and search functionality.
- Implemented Firebase Authentication for secure user login and session management.
- Built reusable React components and optimized frontend state management for scalable UI architecture.
- Designed mobile-first interfaces using Tailwind CSS to improve usability across devices.
- Integrated backend APIs and database operations for dynamic property listing management.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend Development: React.js, Next.js, React Native, Redux Toolkit, Zustand, Tailwind CSS

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication, API Integration

Databases & Cloud: MongoDB, PostgreSQL, MySQL, Supabase, Firebase, Cloudinary

Tools & Platforms: Git, GitHub, Vercel, Postman
